

# The CUBE v5™

TURNKEY PLUG AND PLAY GESTURE CONTROLLED PROJECTION

Inventors and leaders of the video gesture revolution

## FOR ENTERTAINMENT & EXPERIENTIAL BRAND PROMOTIONS

The Cube is a compact, portable, turnkey unit that projects an interactive gesture controlled display onto the floor or wall for high impact entertainment, brand promotion and unique immersive experiential environments. The display scales from 100" to 120" and beyond diagonally. The system comes with over 75 eye-catching special effects environments and games, which can be controlled with simple hand, foot and body gestures. The Cube draws people in and keeps them engaged as they become absorbed in the themes being displayed.

## DURABLE, ROBUST, RELIABLE

The Cube is a state of art build with all components contained inside a light metal case measuring approximately 19" x 12" x 28" with a native screen resolution of 1280 x 800. The projection is 3300 lumens, displaying a very bright and high contrast ratio of 10,000:1. The Intel® core i5 processor with 4GB RAM supports any combination of interactive images, sounds, videos and animations.

## FLEXIBLE & VERSATILE & EASY TO USE

The Cube is very simple to use. Just plug in and turn on. Use the free content that comes with the system or change background or drop logo and images on to the effects using available templates.

## UNLIMITED MARKET APPLICATION

The Cube has unlimited market applications and is the perfect, cost-effective solution for retail spaces, trade shows, special events, foyers, waiting rooms hospitals, and location-based entertainment facilities. If you are a system integrator, exhibit fabricator or an agency specializing in advertising, marketing, special events or promotions, the portable Cube is for you.

Four CUBEv5's cleverly embedded into cross sections of Roman columns at Pennsylvania Capitol Centre deliver "wow" effect.

## COMPACT METAL FRAME AND CHASSIS

### HARDWARE UNIT:

Size: 19" L x 12 3/4" x 28 1/2" H  
(48.26cm x 32.38cm x 72.39cm)

Weight: Net: 60Lbs (Approx)

Electrical: 100-240V 50/60 HZ 6.0-3.0A

### OPERATING SYSTEM AND COMPUTING

#### SPECIFICATIONS:

Windows 7 Professional (64-bit)

CPU: Intel i 54570

Ram: 4 GB

Storage: 128 SSD

Graphic: Intel HD Graphic 4600  
(Onboard)

Connectors: 4 USB ports; 1 Ethernet;  
1 VGA Port

### WARRANTY:

One year (on parts, excluding projector lamp)

### CERTIFICATIONS:

FCC Compliant; CE Compliant
