

# GestTable™ 42" LCD

**Plug and Play Interactive Display**

**Versatile  
Responsive  
Entertaining**

GestureTek's high definition LCD multi-touch table is a portable, "plug and play" surface computing solution. The precise and reliable tracker handles varying lighting conditions and allows easy manipulation of dynamic, interactive content.

It can be purchased as a turnkey unit or the panel, PC or stand can be purchased separately.

The protective glass panel can be easily replaced if damaged.

Wayfinding, Games, Catalogues, Exhibits.

**Multi-Touch collaboration made easy.**

The GestTable is available in 36", 32", and 22" heights.

## Components

Turnkey Unit	Available in three light yet rugged stand heights, with a spill and scuff-resistant panel surface.	
LCD Panel only	Size:	48 ½" L x 22" W x 6" D
